

# MICHAEL NYAME - 16 yrs

My name is Michael Nyame and I am 16 years old. I am about 170cm tall and I like reading a lot. I also like singing but I mostly choose reading as my best hobby.

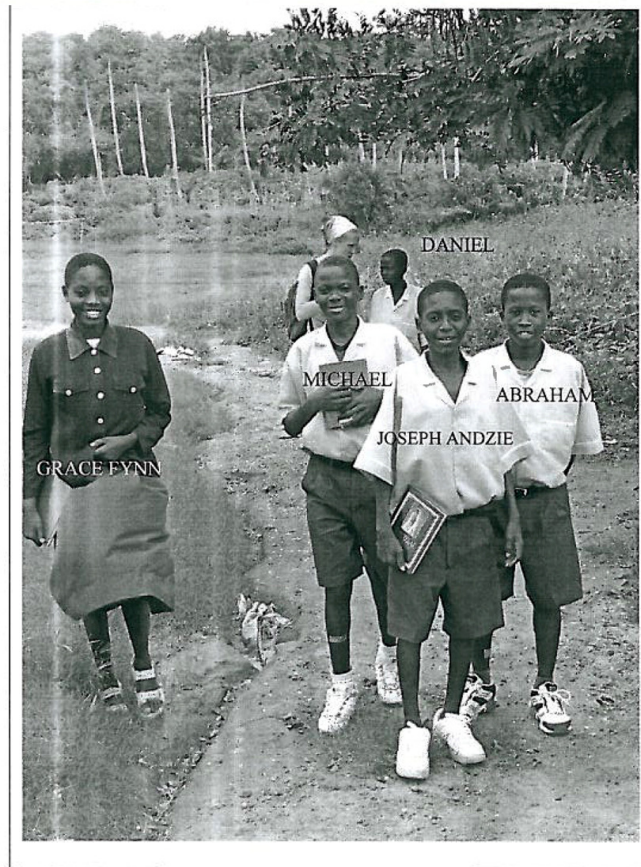

I have completed ~~School~~ <sup>S.H.S</sup> this year and I will like to continue at Senior high school, I have study a lot in S.H.S and some of my best subject, are Intergrated Science, Social Studies, English, Mathematics, Basic design and technology and Ghanaian language as well.

The reason why I want to attend to Senior high school is that, I want to be a soldier in future and without education I cannot achieve my dream in future.

Another reason why I want to attend to Senior high school is that, after Senior high school I can put effort in my life and become what I want to become in future. I want to be a soldier in future and the reason why is that, I want to defend my Country Ghana to move forward forward and also I want to create better achievement in my family.

I firstly thank God for this sponsorship also I ask God to bless whoever has decided to sponsor my education because I would have stay home if I didn't get this sponsorship. I can see most of my sisters and brother who has completed school are still at home because of poverty in our family.

I was thinking who is going to help me to continue my education not knowing that the almighty God has given me this opportunity.  
May the lord bless whoever has decided to sponsor. I know this sponsorship will be of very good help to me.

MICHAEL (MIDDLE)
