

Dear Sponsors

I'm very grateful for helping me in school by sponsoring me in my academics. When I completed school I was thinking that all was over for me because I thought I will not get any sponsorship from any where in the world but you have shown to me that there is somebody else where who cares for me

May God richly bless you for sponsoring me to continue my education in the secondary sector to become a great person in future.

I promise all your effort will not be wasted and I will do my best to study hard and pass all my exams.

I also thank you for sponsoring me to complete my first year in the secondary school and I really appreciate everything you are doing for me. I hope to hear from you soon

Your's Sincerely
Joseph
